cover four different individual movement techniques or imts for short

let the handguard rest on your forearm

switch over to the opposite side

closed cradle your weapon in your arms keeping the muzzle off the ground

rest the muzzle of the weapon on your helmet

keep the wire from snagging on your clothes and equipment

pick out your next firing position

spring your feet holding your weapon at the ready

roll and crawl away from your firing position

get back on the ground into a prone firing position

transition this hand down the lower end of the buttstock

driving the buttstock into the ground

sprawl bringing myself down into a firing position

roll back over into a firing position
